TURNED EDGE SEWN BINDERS

Skivertex material is turned over solid chipboard, sewn along the outside edges and lined with a Vyhide liner. Practically any turned edge material can be sewn. The black or white nylon thread enhances the strength and durability. Other color thread is readily available. Add brass and chrome corners for a more polished, high-end look.

SEWN TURNED EDGE BINDERS

11" x 8 1/2" Sheet Size • No Decoration • Add-ons Page 8
