TURNED EDGE SEWN BINDERS

Skivertex material is turned over solid chipboard, sewn along the outside edges and lined with a Vyhide liner. Practically any turned edge material can be sewn. The black or white nylon thread enhances the strength and durability. Other color thread is readily available. Add brass and chrome corners for a more polished, high-end look.

VINYL RING BINDERS

Vinyl Ring Binders make an impressive opening statement. Silk-screening or foil stamping your artwork can customize the quality French Calf or Suedene finish vinyl. Heavy-duty rings and flat chipboard creates a strong constructed binder that will last.

Vinyl ring binders are great for:

- Sales Meetings
- Price Lists
- Reference Materials
- Promotions

Specifications:

- Nine ring sizes from 1/2" to 5" capacity
- Ring spacing 8 1/2" O.C. 4 1/4" I.C. - 11" x 8 1/2" Sheet Size
- Round rings can be attached to the spine or back cover
- Optional D-Rings and Angle D-Rings are available and are attached to the back cover

11" x 8 1/2" Sheet Size

Brass or chrome corners add strength and finishing to any binder.

See page 14 for Binder Accessories.

Index Tabs

CUSTOM PAPER INDEX TABS

Index Tabs add a professional finish to binder contents. The indexes make it easy for readers to quickly page to a particular section. Mylar coating on the tabs helps protect the tabs from wear and makes them rigid for easy flipping.

Options:

- Paper Stocks: Optional colors in 90# stock are Blue, Canary, Cherry, Green, Gray, Buff, Salmon and 110# white index
- Colored Mylar tab covering
- Special ink colors can be matched
- Printing on the body of the tab
- Reverse printing on tabs
- Shrink wrapping of tab sets
- Tabs collated and inserted

INDEX TAB BASICS

Tab Copy Styles

The amount of copy to appear on each tab, as well as the way in which the binder contents will be used, helps to determine which tab copy style works best. For example, use one of the hanger tab styles F or G for easel or platform binders. For very short copy, such as a letter or a number, consider using Style B.

Index Tabs

Contains 15% - 30% post-industrial content

CUSTOM POLY INDEX TABS

Polyethylene tabs repel moisture and also are easily cleaned which makes them perfect for workshop or lab area usage. These tabs will sustain frequent handling without showing wear.

ADHESIVE POCKETS

Self-Adhesive Pockets are an economical and fast way to create pockets on already existing products. The adhesive is pre-applied to the vinyl – all you need is to peel and stick! Decorate the self-adhesive pocket with silk-screen or foil stamping. Need a unique shape or size? No problem! We can create a pocket die to match any specifications. Choose from three standard sizes: CD/DVD, business card or 4" horizontal pocket.
